All participants

### On behalf of the European Union Chamber of Commerce in China (European Chamber)

**Mr. Guido Giacconi** is the National Chair of European Union Chamber of Commerce in China (European Chamber) Energy Working Group and co-founder and currently President of In3act Srl. The European Chamber is recognized by the European Commission and the Chinese authorities as the official voice of European business in China.

**Mr. Rongtao Sun** is a key member of the European Union Chamber of Commerce in China (European Chamber) Energy Working Group and Head of Technology Innovation and Business Development for BP in China.

### On behalf of the German Energy Storage Systems Association (BVES)

**Ms. Valeska Gottke** is the Head of Communications and Markets at the German Energy Storage Systems Association (BVES). BVES represents the interests of companies from the most diverse sectors, which have the common goal of development and marketing as well as the operation of energy storage in the areas of electricity, heat and mobility.

### On behalf of the China Energy Storage Alliance (CNESA)

**Mr. George Dudley** is the International Engagement and Research Manager at the China Energy Storage Alliance (CNESA), a Beijing-based industry association dedicated to promoting the development of commercial energy storage technologies for the low-carbon energy transition.

### On behalf of the European and Chinese Private Sector

**Dr. Stefan Koch** is the Vice President Global Sales & Head of DWE Reactors at MAN Energy Solutions (MAN ES). Headquartered in Germany, MAN ES enables its customers to achieve sustainable value creation in the transition towards a carbon-neutral future. By addressing tomorrow's challenges within the marine, energy, and industrial sectors, MAN ES improves efficiency and performance at a systemic level – step by step.

**Mr. Yu Liao** is the Chief Strategy Officer at Alpha-ESS. Established in 2012 in China, Alpha-ESS specializes in advanced battery storage products and intelligent energy management solutions for residential and commercial customers. Alpha-ESS helps families and businesses reduce their electricity costs and achieve energy independence through their own power generation, storage, and optimization.
